Design: Sheridan XL | White

# The Kanata Collection™

Combines style, durability and environmental friendliness. Polyurethane insulation is foamed in place, which ensures a consistent density and significant panel strength. With a 1<sup>3/4</sup>" (44.5mm) thickness, R-value of 16.3, enhanced tongue and groove joint and a true thermal break, the Kanata Collection is an excellent choice for those who are looking for a high-quality, energy efficient residential garage door.

## Customize Your Look!

## The Kanata Collection™

Upwardor offers several design and decorative insert options, adding a custom touch to your garage door. Window inserts are interchangeable, providing a classic or decorative look to complement and add value to your home. Frames and inserts are carefully colour-matched and are UV protected.

## Features and Options

- High-quality, versatile and eco-friendly
- With a built-in thermal break, this door is suitable for both cold and warm climates
- Multiple glazing window and insert options add value to any home
- Available in six designs: long and short raised panel, long and short carriage house, ribbed panel and flush versions

## The Craft Series™

Our premium residential offering, representing the ultimate in style, durability and environmental friendliness. The three-section, 1<sup>3/4</sup>" (44.5mm) thick, taller panel design with an R-value of 16.3 appeals to the discerning homeowner who wants a distinct look without having to make compromises on the quality of their garage door.

## Features and Options

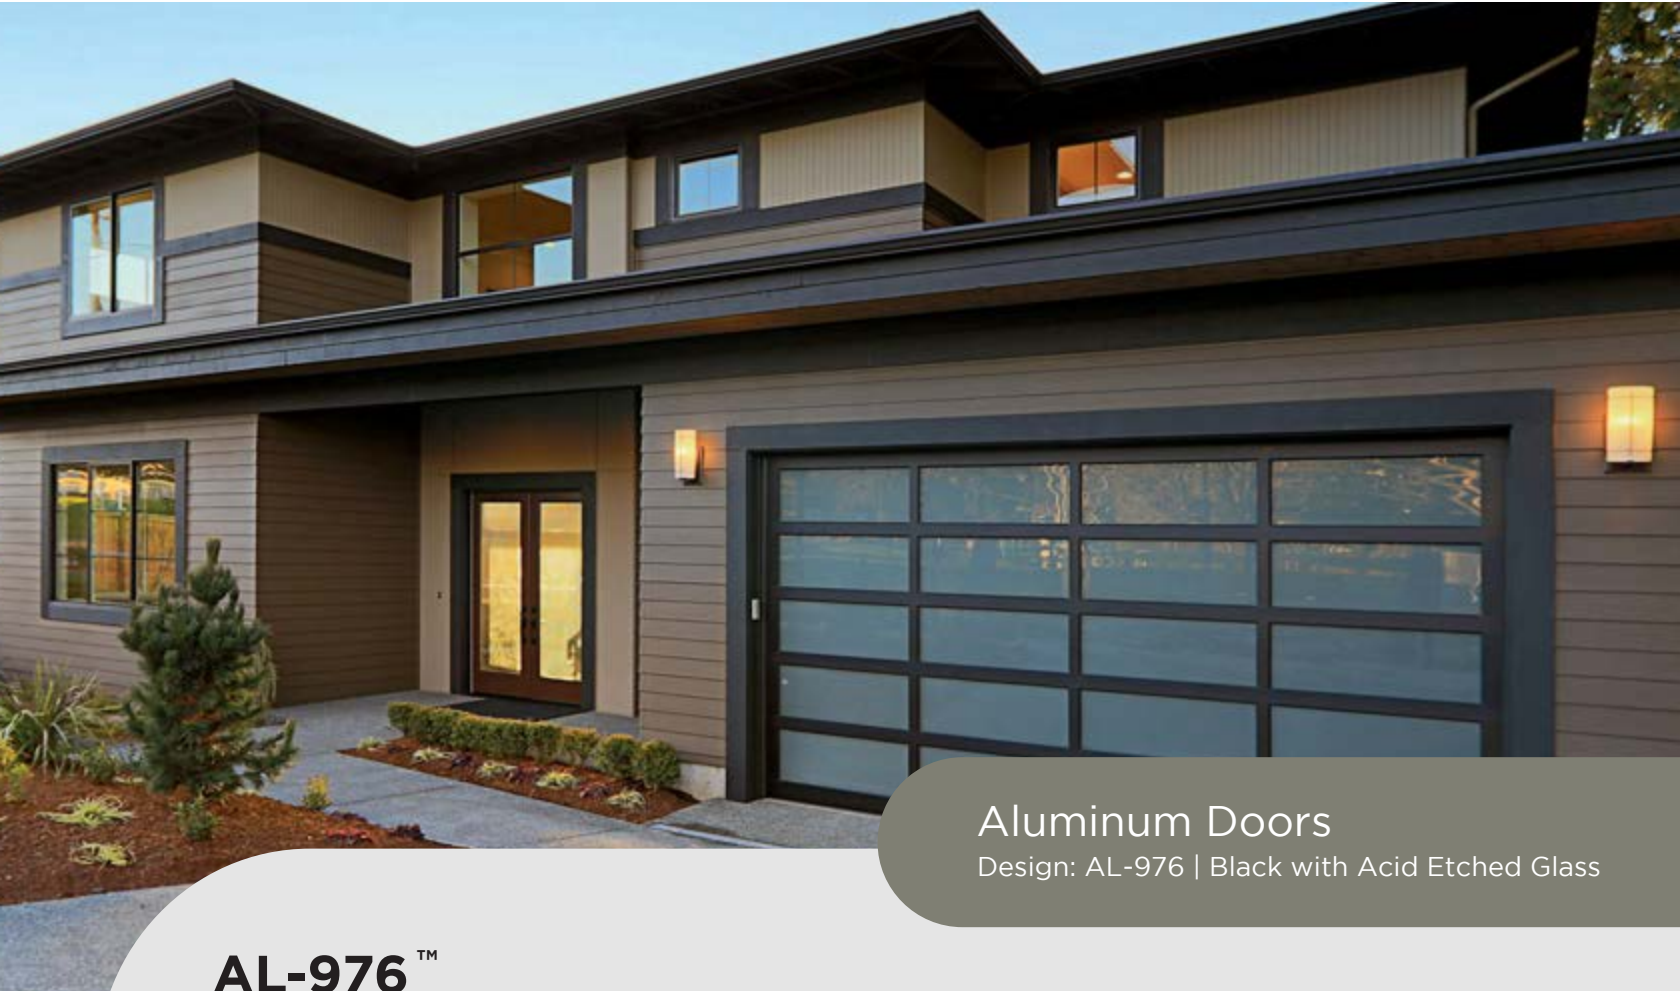

- 26-gauge, pebble embossed exterior and interior steel back sheet
- Environmentally-friendly polyurethane insulation, 100% CFC free
- Built-in thermal break prevents cold/heat transfer from the exterior to the interior of the door

## Aluminum Doors

Design: AL-976 | Black with Acid Etched Glass

### AL-976™

Our most popular Aluminum Door, manufactured since 1976, offers a variety of options where superior strength, maximum visibility and exceptional light transmission are required. Its unique and durable design allows customized configurations for openings up to 24' (7.32m) wide. This modern look can add class to any home.

## Features and Options

- 1<sup>3</sup>/<sub>4</sub>" (44.5mm) thickness
- Clear anodized finish standard
- Tongue and groove section with weather seal inhibits air infiltration
- Available with various glazing options: single, insulated, tinted, tempered or specialty
